Re: Notice of approval of underground water impact report

As per the provisions of section 24AA of the Acts Interpretation Act 1954 this notice replaces the decision notice and its attachments decided on 16 June 2020 to incorporate details of the way in which the approved UWIR is to be published.

The chief executive received an underground water impact report (UWIR) described below.

1. Report details

Dated March 2020 and received 20 April 2020.

In relation to: Authority to Prospect (ATP) 744

2. Decision

The chief executive has approved the underground water impact report with conditions. Please find attached the conditions of approval (Attachment A). The approved report takes effect on 16 June 2020.

3. Public notice

As per section 386 of the Water Act 2000, within 10 business days after receiving this notice of approval, you must

- publish a notice on the Comet Ridge website about the approval that states that copies of the approved report may be obtained from you and how the copies may be obtained; and
- give a copy of this notice of approval to each bore owner of a water bore within the area to which the report relates.

Within 15 business days after receiving this notice of approval, you must advise the chief executive that you have complied with the requirements outlined above.

1 The Department of Environment and Science is the chief executive for Chapter 3 of the Water Act 2000.
4. Penalties

Under section 386(1) of the Water Act 2000, failure to comply with this direction notice is an offence.

- A maximum penalty for an individual is 50 penalty units, totalling $6,672.50
- A maximum penalty for a corporation is 250 penalty units, totalling $33,362.50.

If you have any questions regarding this notice please contact Eleanor Read on the telephone number listed below.

Yours sincerely,

Tristan Roberts
Manager (Assessment)
Department of Environment and Science
Delegate of the chief executive

ANNUAL REVIEW

1) The responsible entity must submit to the chief executive a summary of the annual review required under s376(e)(ii) of the Water Act 2000, within 20 business days after each anniversary day, or another date agreed to in writing by the chief executive. The annual review must provide an analysis and a statement of whether there has been a material change in the information or predictions used to determine the IAA.

Monitoring

2) All monitoring required of the responsible tenure holder under the UWIR must be undertaken by a suitably qualified person.

3) All laboratory analyses and tests of monitoring undertaken under the UWIR must be carried out by a laboratory that has NATA accreditation for such analyses and tests.

4) Notwithstanding condition (3), where there are no laboratories that have NATA accreditation for a specific analyte or substance, then duplicate samples must be sent to at least two separate laboratories for independent testing or evaluation.

DEFINITIONS

anniversary day means each annual anniversary of the day the UWIR took effect – 3 April.

Chief executive means the Director-General of the department responsible for administering Chapter 3 of the Water Act 2000 or the persons delegated the powers of the chief executive as stated in the Water Act (Chapter 3) Delegation (No.2) 2013 or subsequent versions.

NATA accreditation means accreditation by the National Association of Testing Authorities Australia.

Responsible entity means Comet Ridge Limited in accordance with s368 of the Water Act 2000.

Suitably qualified person means a person who has professional qualifications, training, skills or experience relevant to the nominated subject matter and can give authoritative assessment, advice and analysis to performance relative to the subject matter using the relevant protocols, standards, methods or literature.
