Attachment A - Conditions for ATP 688

Annual review
(1) The **responsible entity** must submit to the **chief executive** a summary of the annual review required under s376(e)(ii) of the *Water Act 2000*, within 20 business days after each **anniversary day**, or another date agreed to in writing by the chief executive. The annual review must provide an analysis and a statement of whether there has been a material change in the information or predications used to determine the immediately affected area.

Monitoring
(2) The responsible entity must report the implementation and results of the water monitoring strategy to the Office of Groundwater Impact Assessment within 20 business days after each anniversary day, or another date agreed to in writing by the chief executive.

(3) All monitoring required of the responsible entity under the UWIR must be undertaken by a **suitably qualified person**.

(4) All laboratory analyses and tests of monitoring undertaken under the UWIR must be carried out by a laboratory that has **NATA accreditation** for such analyses and tests.

(5) Notwithstanding condition (4), where there are no laboratories that have NATA accreditation for a specific analyte or substance, then duplicate samples must be sent to at least two separate laboratories for independent testing or evaluation.

Definitions

**Anniversary day** means each anniversary of the day the first UWIR takes effect.

**Chief executive** means the Director-General of the department responsible for administering Chapter 3 of the *Water Act* or the persons delegated the powers of the chief executive as stated in the *Water Act* (EHP-Chief Executive) Delegation (No.1) 2016 or subsequent versions.

**NATA accreditation** means accreditation by the National Association of Testing Authorities Australia.

**Responsible entity** has the meaning of section 368 of the *Water Act 2000*.

**Suitably qualified person** means a person who has professional qualifications, training, skills or experience relevant to the nominated subject matter and can give authoritative assessment, advice and analysis to performance relative to the subject matter using the relevant protocols, standards, methods or literature.

**UWIR** means the underground water impact report prepared by the tenure holder of authority to prospect (ATP) 688, dated 6 September 2017.
