Application to amend an environmental authority

This approved form is to be used when applying to amend an environmental authority under sections 222 to 227 of the Environmental Protection Act 1994 (EP Act) for an environmentally relevant activity (ERA).

An application to amend an environmental authority is not appropriate in all circumstances. If you answer yes to any of the questions in the checklist below, you cannot use this application form. If you answer no to all of the questions in the checklist, you may continue to use this application form.

This form also contains a question relating the Regional Planning Interests Act 2014. If you are proposing to undertake resource activities in an area of regional interests, a regional interest development approval (RIDA) may be needed. Further information, including applications forms, can be found on the Department of State Development, Infrastructure and Planning (DSDIP) website, www.dsdip.qld.gov.au.

You are encouraged to have a pre-lodgement meeting before applying to amend your environmental authority. If you would like to have a pre-lodgement meeting:

- For prescribed ERAs 2, 3 and 4—contact the Department of Agriculture, Fisheries and Forestry by email at livestockregulator@daf.gov.au.
- For any other ERA—please fill out and lodge the form Application for a Pre-Design/Pre-Lodgement Meeting (EM11251), prior to lodging this application form.

If your amendment application also involves resource activities, go to question 11. Otherwise, go to question 17.

Resource activity information

A regional interests development approval (RIDA) is required when a resource activity is proposed in an area of regional interest under the Regional Planning Interests Act 2014. Further information, including applications forms, can be found on the Department of State Development, Infrastructure and Planning (DSD/P) website, www.dsdip.qld.gov.au.

☐ Priority Living Areas (PLAs) application reference:
☐ Strategic Environmental Areas (SEAs) application reference:
☐ Strategic Cropping Area (SCA, formerly Strategic Cropping Land) application reference:

☐ No regional interests development approval required, I am an exempt activity.
12. Environmental offsets

An environmental offset may be required for an ERA where despite all reasonable measures to avoid and minimise impacts on certain environmental matters, there is still likely to be a significant residual impact on one or more of those matters.

You must verify the presence, whether temporary or permanent, of those environmental matters. For more information refer to the State Significant Impact Guideline at the Queensland Government website at: www.qld.gov.au/environment/pollution/management/offsets/index.htm

Will the proposed amendment cause a significant residual impact to a prescribed environmental matter (other than a matter of local environmental significance)?

[ ] No

[ ] Yes, please attach supporting information that:

- details the magnitude and duration of the likely significant residual impact on each prescribed environmental matter (other than matters of local environmental significance) for the entire activity; and

- demonstrates that all reasonable measures to avoid and minimise impacts on each of those matters will be undertaken; and

- if the activity is to be staged, details of how the activity is proposed to be staged.

[ ] I have attached the supporting information.

13. Public notice requirements. Please select one of the options below:

[ ] The application relates to a mining activity only and public notice requirements will not apply

[ ] I have included details of the website where copies of the application notice and application documents will be made available during public notification stage. If the administering authority will require permission to link to this website, also provide contact details of the person who will be able to assist the administering authority in this process.
